

PhD Research Idea

<1 Page Template For admission to PhD program>

Candidate Name:

Date:

1. Title of the Research Idea:

- [Propose a clear and concise title that reflects the core focus of your research idea.]

2. Introduction:

- [Introduce your topic with brief context and provide current state of the research topic in 3-4 lines.]

3. Significance of the Study:

- [Identify the specific problem or research question your study will address. Explain why this issue is significant in your field in 2-3 lines.]

4. Research Objectives:

- [List 2-3 key objectives that your research aims to achieve. These should be measurable and directly related to the research problem.]

5. Proposed Methodology:

- [Outline the research methods you plan to use, such as qualitative or quantitative approaches, data collection methods, and analysis techniques.]

6. Expected Outcome:

- [Describe how your research will contribute to the existing body of knowledge in your field. Mention the potential theoretical, practical, or social impact in 2-3 lines.]

7. Conclusion (Optional):

- [Summarize topic, research problem, methodology, and the expected outcome in 2-3 lines.]

8. References:

- [Include 3-5 key references that are foundational to your research idea.]

<Copy above to word document. Add/modify/delete text as per institute requirements.>
